

Children's Lesson- Always Happy?...

Watch the video, then discuss together and pray.

Bible Passage: Psalm 37:4

Main Point: The Bible never said that we would **ALWAYS** be Happy.

Discussion Questions:

- God wants what is best for us, does what's best for us always make us happy? (*no, not always*)
- True or False: Chasing happiness will lead us down the right paths in life. (*False*)
- How can we be **MORE** than happy? (*Delighting ourselves in the Lord and trusting His plans*)
- Take a few minutes to write down what you think it looks like to delight yourself in the Lord:

Pray together • Lord, thank you for giving us Your Word and helping us understand what happiness really is. We ask that You would show us how to delight ourselves in you Lord, that we may follow the correct paths and be truly happy. We praise You with a thankful heart, Amen.
